

Figure 1 consists of 12 bar charts, each representing a different variable. Each chart has four bars corresponding to the Control, Low, Medium, and High groups. The y-axis for all charts represents the percentage of respondents, ranging from 0% to 100%.

- Age:** The x-axis categories are 18-24, 25-34, 35-44, 45-54, 55-64, and 65+. The distributions are relatively similar across groups.
- Sex:** The x-axis categories are Male and Female. The distributions are relatively similar across groups.
- Education:** The x-axis categories are Less than high school, High school, Some college, College, and Graduate. The distributions are relatively similar across groups.
- Income:** The x-axis categories are Less than \$10,000, \$10,000-\$20,000, \$20,000-\$30,000, \$30,000-\$40,000, \$40,000-\$50,000, \$50,000-\$60,000, \$60,000-\$70,000, \$70,000-\$80,000, \$80,000-\$90,000, \$90,000-\$100,000, and More than \$100,000. The distributions are relatively similar across groups.
- Employment:** The x-axis categories are Unemployed, Part-time, Full-time, and Self-employed. The distributions are relatively similar across groups.
- Religion:** The x-axis categories are No religion, Christianity, Islam, Hinduism, Buddhism, and Other. The distributions are relatively similar across groups.
- Marital Status:** The x-axis categories are Single, Married, Divorced, Widowed, and Other. The distributions are relatively similar across groups.
- Political Affiliation:** The x-axis categories are No affiliation, Democrat, Republican, Independent, and Other. The distributions are relatively similar across groups.
- Attitude towards the environment:** The x-axis categories are Very good, Good, Fair, Poor, and Very poor. The distributions are relatively similar across groups.
- Attitude towards the government:** The x-axis categories are Very good, Good, Fair, Poor, and Very poor. The distributions are relatively similar across groups.
- Attitude towards the military:** The x-axis categories are Very good, Good, Fair, Poor, and Very poor. The distributions are relatively similar across groups.
- Attitude towards the police:** The x-axis categories are Very good, Good, Fair, Poor, and Very poor. The distributions are relatively similar across groups.

PATENT APPLICATION

jc675 U.S. PTO

NONPUBLICATION REQUEST
UNDER 37 C.F.R. § 1.213(a)

Sir:

Pursuant to 37 C.F.R. § 1.213(a), applicant(s) hereby request(s) that the above-identified patent application, which is being filed concurrently herewith, not be published under 35 U.S.C. § 122(b). It is hereby certified that the invention disclosed in the application has not been and will not be the subject of an application filed in another country, or under a multilateral agreement, that requires publication at eighteen months after filing.

Respectfully submitted,

Jeffrey H. Ingerman
